Subject: Recent visit to Grand Niagara

Before I begin. I would like to use this opportunity as my 'comment card' since I did not hand one in at the end of the round.

I played your course on Sunday July 23rd, 2006 (invited by a friend) and I want to inform you directly that I was very impressed with the level of professional courtesy of the staff, the fantastic condition AND playability of the course and overall quality of the visit in its entirety. I had heard from a friend that this course was very impressive and well maintained, etc. but until you play it for yourself, there is nothing that you can compare it to.

Besides the obvious lack of a full clubhouse, (which I'm sure is under development) there is nothing that lessened the experience. I was handed a comment card by the starter before the round began, which I found very impressive. Not enough courses do this, and it says to me that you guys care about the customer. The golf course itself was in fantastic condition from tee to green, the layout was very challenging yet high-handicap friendly and the attention to detail (as mentioned on the 'comment card') was terrific, for example, the curbs that separate the tees from the cart path. I'm not sure what it's even called, but it's not regular, boring cement. Nice touch! Our refreshments provided by the 'Cart-girl' were fairly priced and the turkey wrap was fresh and tasted great.

If I had to find a fault, my approach on the 18th found the right greenside bunker and had come to rest in a footprint, perhaps from the day before I am not sure, but I re-raked and took a drop after receiving permission from my foursome. This kind of misfortune can happen anywhere, hence, if this is the only thing that I have to point out as a problem, then I think it is safe to say that the outing was a complete success.

Again, I can not give enough praise to Grand Niagara and the people who put such an effort forward allowing me to have such an enjoyable round of golf.

Extremely well done!

Cheers,
Jeff

Subject: Grand Niagara is Truly GRAND

I just would like to pass on my compliments to you and your staff about your facility. I played there this past Saturday and even with the rain, it was an excellent day. I must say that the staff is truly professional, friendly and accommodating. The lunch was very good, staff were very informative, even to the point of pulling up the weather system map to estimate any clearing trends. They were willing to help out in any way, including extra towels in case the seats got wet.

The course is in fantastic shape. Very appealing layout and I even look forward to playing out of those traps when the sand is dry (because I know I'll be in there again somewhere along the way). I can only imagine what it's going to be like on a nice sunny day. It was a real treat.

Once again Kudos to you and all your staff, the course layout and conditions.

Regards,
Jim
